STA CARES

Helping Our Community

Syracuse Time & Alarm Co., Inc. has accomplished many things over the past year, but our most treasured accomplishment was our involvement within the community. The company has always made substantial donations to the local hospitals and schools, but this past year we've decided to kick things into high gear and implemented **STA-Cares** and reached out to those in need.

HOLIDAY FOOD DRIVE

We ended the year on a high note

and learn about their people and their various cultures.

Following the Navy, he worked as a computer operator and eventually was hired on at Simplex as a customer engineer. John quickly moved up the ranks from technician to service manager before becoming a sales rep. and a systems applications manager.

In 1981, he started Syracuse Time & Alarm Co., Inc. with his late wife Linda. With their knowledge and know-how, the company grew and expanded and now has three locations and employs over 45 workers.

John is a family man with two children, John A. and Jill (both STA employees) and wife Marilyn. He enjoys spending time with family and friends and loves Syracuse. "I grew up here, married here, raised a family and have 5 beautiful grandchildren in Manilus. I'm fortunate that all my Brother and relatives live in Central NY except a few that live in Pennsylvania. He treats his business and employees like family and appreciates everything they do to take care of our customers.

TOYS FOR TOTS

Syracuse Time & Alarm Co., Inc. also got involved with the **Marine Corps Toys for Tots Foundation**.

A special thanks to **Sean Kunai** for leading this effort and also to those who took a minute from the holiday mania to make a difference for a child this Christmas.

"Giving back is really what it's all about" said Trisha McQuire. "We not only try to support various charities in Syracuse, but several all throughout Central New York."
